Fig 1:

Step 1 - Base Assembly

Unwrap the back of the counter display and place on a flat surface. As indicated in fig 2.

Fig 2:

Unwrap both side pieces and place next to the back on the flat surface. As indicated in fig 3.

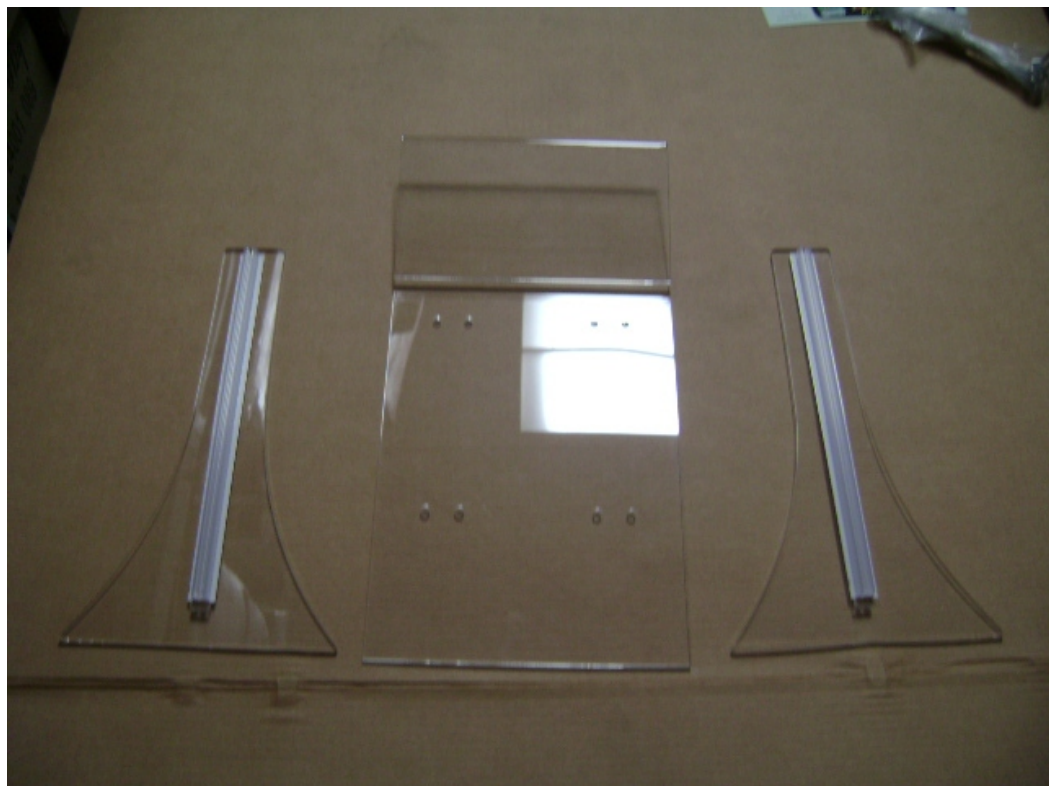

Fig 3:

Take the side piece and slide it onto the side of the back unit. As indicated by the red arrow in Fig 3.

Fig 3:

Repeat this process with the opposite side piece. Your counter display will now look like Fig 4.

Fig 4:

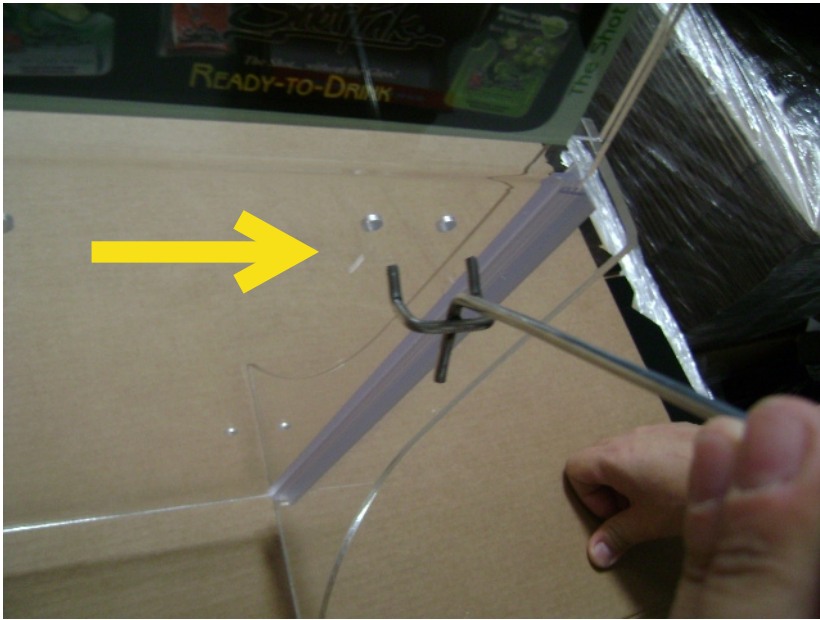

Fig 5:

Take the printed promotional header and slide it into the open slot on the top of the back unit. As indicated by the red arrow in Fig 5. Please note there are different messages on both sides of the printed promotional header.

Your counter display will now look like the Fig 6.

Fig 6:

Take the metal hook and insert the hook into the allocated holes on the back units. As indicated by the yellow arrow in Fig 7.

Fig 7:

Repeat this process with the remaining 3 hooks. Your display will now look like Fig 8.

Fig 8:

Take your variety of shotpak's and place them on the hooks on the counter display. As indicated by the red arrow in Fig 9.

Fig 9:

Repeat this process on all the hooks provide as shown in Fig 10.

Fig 10:

Your finished counter display will now look like Fig 11.

The number of pouches that can fit onto each hook on the counter display is 8.

Total number of pouches on the four hooks is 32.
